What people don't seem to realize is how this has gone from a simple, privately communicated mandatory inclusion request for accommodations, to a perpetual public awareness campaign to utterly annihilate these unlawful acts, and I am not stopping there 😉😂. Perhaps you people should realize when you're beaten whilst there's still some of the country left to save?

The world will know the names of those with prejudice and bias in government; the perpetuity of the Internet.

Haven't heard back. Should I begin filing for 42 U.S. Code $ 1987 for 18 U.S.C. $ 242?
